## Demos Beat Proposed House Rules Change

### Gives 'Fair Deal' A Fair Chance

Washington, Jan. 20.—(AP) By the comfortable margin of 53 votes, the Truman administration today beat down a proposed change in the house rules which threatened vast segments of the president's "fair deal" program.

The vote was 236 to 183 on a roll call.

The victory was sweet to Mr. Truman, coming just a year to the day from his inauguration for a full elected term as president. He had thrown his full weight against the rules change, and told a White House visitor the result was highly satisfactory.

**Setback To Coalition**

To those southern democrats and republicans who favored restoring bill blockading powers to the rules committee, the outcome was a decided setback.

The margin of victory startled even the administration leaders who engineered it.

Cheers burst from the democratic side of the chamber and from the packed galleries as the outcome was announced.

The final count showed 64 republicans and one American-laborite joined 171 democrats to defeat the proposed change.

On the losing side were 98 republicans and 53 democrats, the latter chiefly southerners interested in throwing up a new barrier against "civil rights" legislation.

**Vote On Truman Program**

Just before the roll call, when some exaggeration might be discounted, Rep. Allen of Illinois, the 'old republican on the rules committee, declared the real issue was "whether the entire Truman program will succeed or be defeated."

Accepting the challenge for the administration side, Speaker Rayburn shouted:

"Who won the election in 1948, anyhow?"

After the heat of the voting was over, members of both parties agreed that the test, though important, didn't guarantee the success of President Truman's legislative proposals in the months ahead.

The vote simply means that the rules committee, which is dominated by republicans and southern democrats, will not have absolute say-over what measures reach the House floor.

The exact issue was an effort to repeal a year-old rule which clamped a 21-day limit on the length of time the rules committee could bottle up bills which had won the approval of committees handling legislation.

## Reports Truman Will Ask About Billion Tax Hike

Washington, Jan. 20.—(AP)—President Truman's tax program was reported unofficially today to call for a cut of some \$750,000,000 in excise levies, offset by tax increases of something less than \$1,750,000,000 on corporations, estates at death, and gifts.

The net increase in taxes thus would be somewhat less than \$1,000,000,000.

The program also was said to call for a crackdown on tax dodgers.

The proposals were unveiled privately to Democratic congressional leaders at the White House.

Mr. Truman, in aiming at a revenue increase which he previously told Congress he wanted, would be trying to dent the \$3,100,000,000 prospective deficit in spending for the fiscal year beginning July 1.

Newsmen had to depend upon meager information, but a responsible source said the President's program may not ask increases for individual taxes.

House speaker Rayburn, who attended the White House tax conference, told reporters he assumes the tax program is still "subject to change" before it is sent to Congress—probably early next week. It was not made clear what changes the Democratic lawmakers made, if any.

**COMPENSATION ACT DOES NOT APPLY TO MILITARY CASE**

Springfield, Ill., Jan. 20.—(AP)—Attorney General Ivan A. Elliott today refused to certify a workman's compensation claim of a Rockford day nursery employee for medical expenses incurred while she had the mumps.

Sylvia Kuller said she contracted the disease while working for the nursery and claimed \$81.25 for medical and hospital expenses under the workman's compensation act.

Elliott said that diseases such as mumps are not compensable under the act unless they occur as an incident to accidental injury.

## No Decision In Hiss Trial; Jury Locked Up

New York, Jan. 20.—(AP)—The Alger Hiss jury was locked up at 9:45 p.m. (CST) tonight after failing to reach an agreement.

They debated the perjury charges against the former State department aide for five hours and seven minutes before being sent to bed.

The eight women and four men will resume deliberations at 9 a.m. They received the case at 2:10 p.m. after more than 1,000,000 words of testimony during 39 trial days.

Almost immediately, they gave evidence that this was to be no quick, easy verdict.

Twice, the jury returned to the courtroom to clear up questions about the testimony. But they gave no clue to their eventual decision.

Hiss is accused of turning over State department secrets to a Soviet spy ring in 1938 and then lying about it under oath to a grand jury. He denied to the grand jury that he gave up the secrets. He is charged also with lying when he said he did not see Whittaker Chambers, his chief accuser, after Jan. 1, 1937.

The maximum penalty upon conviction is 30 years in prison and \$40,000 in fines.

The jury kept a timetable not unlike the first one last July when Hiss first was tried for perjury.

That jury wound up deadlocked after nearly 28 hours of debate. Four members voted then to acquit Hiss and eight to convict him.

The first jury got the case at 2:20 p.m. (CST)—the second jury got it at 2:10 p.m. The first jury went to bed at 8:32 p.m.—the second a little over an hour later.

Hiss was on hand throughout the day, quiet, apparently calm and dressed in gray. The 45-year-old defendant and his wife, Priscilla, were both smiling when they left the federal building at 9:53 p.m.

Earlier, Hiss heard a thundering attack on his honesty by the government he once served, as it branded him a traitor in the closing summation.

Hiss has denied that accusation many times.

Less than two hours after the jury got the case, it sent out word that it wanted reread portions of the trial testimony. In addition, it asked for 55 of the copies that Hiss is accused of making from stolen government documents.

Faced with this delay, the court sent the jury to dinner at 4:51 p.m. They were back at 6:11 p.m.

Then, at 7:28, court stenographers began reading the testimony the jury had asked for.

**Navy Fails In 3rd Try To Pull Big Mo. Off Mudbank**

Norfolk, Va., Jan. 20.—(AP)—The navy failed today in its third attempt to pull the battleship Missouri off a Chesapeake bay shoal.

The 45,000-ton giant resisted for an hour and 38 minutes the combined strength of 19 tugs turning up 40,000 horsepower.

Naval spokesmen announced immediately that no further attempt to free the Missouri will be made until the next favorable tide for such an operation, expected February 2.

An earlier try will be made, however, should northeast winds in the meantime cause tides much higher than normal.

In Washington, meanwhile, the navy ordered a court of inquiry to investigate the grounding of the battleship Admiral W. H. P. Blandy, Atlantic Fleet commander, ordered Rear Admiral Allan E. Smith, commanding cruiser division two, to establish the court.

The navy said the investigation would start in the near future, but would be deferred "pending further development of the salvage operations."

The board may defer formal hearings until the ship is refloated. The officers and men who will testify have their hands full getting ready for the next attempt to free the battleship.

The Missouri was headed for Cuba and Winter maneuvers in the Caribbean when she went aground.

**Stroble Sane; Will Be Put To Death**

Los Angeles, Jan. 20.—(AP)—Fred Stroble, 68, convicted of first degree murder in the sex slaying of a 6-year-old girl, today was found sane by Superior Judge Charles W. Fricke after he had waived a jury for his sanity hearing.

The decision finding Stroble sane at the time the girl, Linda Joyce Gluff, was killed last Nov. 14 means that he will receive a mandatory sentence of death in the California death chamber.

He will be sentenced next Friday.

**Coplon, Gubitchev Lose Fight To Escape Spy Trial**

New York, Jan. 20.—(AP)—Little Judith Coplon and her stolid Russian ex-friend Valentin A. Gubitchev today lost their long-drawn-out fight to escape trial on spy charges.

Federal Judge Sylvester J. Ryan ordered the trial to begin next Tuesday. He ruled that the FBI's wiretapping in the case was illegal, as the defense charged. But he held that the government has other proof that legally can be used.

The ruling climaxed six weeks of hearings in which the ex-government girl and the Soviet engineer, who is suspended from his United Nations job, called scores of witnesses in an effort to get the charges against them dismissed.

Archibald Palmer, Miss Coplon's lawyer, announced immediately that his fight was only beginning.

He issued a six-page document entitled "My Credo" which reaffirmed his faith in Miss Coplon's innocence and declared: "I will, with God's help, and every effort at my command, prove it to the people of

Galesburg, Ill., Jan. 20.—(AP)—The Little Coal Co. had to stop operations today when a miners' wash house burned. The company is an independent firm mining near Rapids.

**Russ Say Acheson Trying To Blame Soviets For China**

Moscow, Saturday, Jan. 21.—(AP)—The Soviet Union accused U. S. Secretary of State Dean Acheson today of trying to put the blame on Russia for the failure of American policy in China.

The foreign ministry charged that Acheson told "monstrous and awkward" lies about Russian intentions to seize certain Chinese provinces "to put a good face on a bad game."

"The state department said in Washington there would be no immediate comment on the Russian statement."

The ministry issued its rejoinder, signed by Foreign Minister Andrei Y. Vishinsky, in an unusual statement given to foreign correspondents. The usual routine is for such replies to western statements to be released through the official government news agency Tass, or in the newspapers Pravda and Izvestia.

The statement said it was issued in reply to a speech Acheson made at the National Press Club in Washington Jan. 12. In the speech, the statement said, the U. S. secretary asserted the Soviet Union "is separating the northern regions of China from China and uniting them to the Soviet Union."

"It is not difficult to see," the statement added, "that in all these declarations by Acheson there is not one word of truth."

## U. S. Warns Bulgaria That Diplomatic Break Imminent

### Hot Debates Rage In Coal Fields As Miners Argue Union Orders

Pittsburgh, Jan. 20.—(AP)—Hot debates raged through the coal fields today as striking miners argued about their union's insistence they go back into the pits Monday.

Their boss, President John L. Lewis of the United Mine Workers, was invited by the Senate labor committee to testify on a resolution which asks President Truman to invoke the Taft-Hartley act to get coal production back to normal.

Among the 90,000 striking miners in seven states, sentiment varied widely from region to region on the return to work issue.

A group of 2,500 southwestern Pennsylvania miners and another 1,000 in West Virginia yesterday shouted down union leaders who proposed ending the strike.

But near Pittsburgh, representatives of 10,000 other miners went along with UMW leaders' pleas. They said they'd be back at work Monday.

Some areas appear determined to reach a showdown in their "no contract no work" strike. Others are agreeable to Lewis' suggestion that production be resumed on the three-day week that Lewis offered last summer.

The question will be threshed out in hundreds of local UMW meetings during the week-end.

As the miners argue, the nation's coal stocks continue to dwindle. Many cities face acute shortages. Emergencies have been declared in scattered spots.

The National Coal Association estimates production for the week ended January 14 at 7,425,000 tons. It said about 10,400,000 tons of production were lost in the first 15 days of 1950.

Last year at this time, weekly production was running about 11,000,000 tons, with the country's full complement of 400,000 soft coal miners on the job.

The current series of strikes started January 3 when 16,000 Illinois miners refused to work. On the next week they returned to their jobs but the walkouts spread to seven other states.

The resolution Lewis was asked to discuss, if he so desired, was introduced by eight senators who want

Washington, Jan. 20.—(AP)—Yugoslavia has appealed to the United States for a second American government loan, diplomatic officials disclosed today.

Yugoslav embassy officials are reported discussing this secretly with the state department and Export Import Bank officials.

The Yugoslavs contend a new American loan is urgently needed to counteract the effects of the Russian-led economic blockade, it was said.

State department officials refused to discuss the Yugoslav bid on the grounds that the matter is "top secret." Despite this, it was learned that the second Yugoslav approach is for a loan of around \$5,000,000 to buy raw materials for Yugoslav textile mills and other industries.

Last September, the United States granted Marshal Tito's government a loan of \$20,000,000.

The Yugoslavs are reported to have turned again to the American government, mainly because a hoped-for loan of \$25,000,000 from the World Bank has been delayed longer than expected.

**May Challenge U.S. Action In Cutting Railroad Service**

Washington, Jan. 20.—(AP)—The Railways Labor Executives association disclosed tonight it is considering a court challenge of a recent federal order reducing passenger service on railroads using coal-burning locomotives.

The association represents the heads of 20 rail labor unions.

Today it sent a delegation to confer with Chairman J. Monroe Commerce of the Interstate Commerce Commission, which ordered a one-third cut-back in train passenger service because of the coal shortage.

In its order, the ICC blamed the shortage on John L. Lewis' order for a three-day work week in the nation's coal mines.

Arthur Lyon, executive secretary of the association, said his group seriously doubted that the ICC had the right to order the reduction in service.

Lyon said the wartime Office of Transportation did have that power, but the authority has expired.

Johnson was reported to have told the group that the ICC acted under its authority to regulate car service. But Lyon said the ICC apparently had no power to order railroads to restore the passenger service after the emergency ended.

**Tink, 26-Pound Tom Cat, Is Top Dog In Decatur**

Decatur, Ill., Jan. 20.—(AP)—Tink, a cat, is top dog in Decatur—center of the nation's canine population. The Gaines Dog Research Center New York, put the nation's dog population today at a record 22,000,000 centering near Decatur.

But Tink makes the pooches walk the other side of the street.

The six year old, 26-pound Tom measures three feet, toe to toe. Despite a dubious family background, his aristocratic tastes run to Roquefort cheese and green olives.

Though Tink is kept on a leash, his owners, Mr. and Mrs. Lee Henry, says the dogs of this dog center keep their distance.

Few people know that the Statue of Liberty holds the Declaration of Independence in her left hand and that broken chains of tyranny lie at her feet.

### Will Come If Minister Heath Ousted

Washington, Jan. 20.—(AP) The United States will break diplomatic relations with Communist Bulgaria unless its demand for removal of American Minister Donald R. Heath.

The state department so warned the Bulgarian government today in a stiff note which also called for better treatment of American diplomats and legation employees in Bulgaria.

There was little belief among officials that the American demands would be satisfied. The prospect today was that relations between Washington and Sofia would be severed—although the next move is up to Bulgaria.

**Sets Pattern For Dealings**

The note, released by the State Department, sets a pattern for possible future dealings with other red regimes in eastern Europe. In effect, it puts them on notice they also face the threat of a rupture in relations unless they live up to "minimum standards" in their dealings with this country.

The Bulgarian note was delivered by the legation in Sofia to the foreign office there and was also handed to the ranking Bulgarian diplomat here, Dr. Peter Ustov, by Llewellyn Thompson, deputy director of the State Department's European office.

Diplomatic officials said the note could hardly be considered an ultimatum. For one thing it contained no time limit by which the Bulgarian government should meet the American demands like an ultimatum, however it laid down two unconditional demands and told the Bulgarian government in no uncertain terms what would happen if they were not met.

**Delivered Note Yesterday**

The Bulgarian legation here had delivered a note to the State Department yesterday requesting Heath's recall. A long series of charges had been made against him in connection with political trials held by the communists and particularly the recent trial of former vice premier Traicho Kostov.

The reply to the recall request, which the United States made today, called the Bulgarian charges "wholly unfounded, as the Bulgarian government itself is fully aware."

Moreover, the American note continued:

"The Bulgarian government has over a period of two years increasingly subjected the legation to a series of indignities and restrictions which have now made it virtually impossible for the legation to perform its normal diplomatic and consular functions."

"In addition to crippling restrictions on the entry and movement of United States officials assigned to the legation, the Bulgarian government has pursued a campaign of persecution against the legation's Bulgarian employees whose only crime has been their association with the legation."

**Predicts Demands For Stabilizing Coal Industry**

Champaign, Ill., Jan. 21.—(AP)—The current impasse between the coal miners and operators will result in demands for stabilizing legislation for the coal industry, an assistant professor in economics at the University of Illinois said today.

John A. Cochran, writing in the quarterly issue of "current economic comment," said:

"Continuation of market pressure for lower coal prices, growing unemployment, and increasing numbers of operator bankruptcies will find the United Mine Workers and at least some of the operators turning to congress for legislation for some kind of price and output stabilizing policies to be carried out under government auspices."

**CLOSE BEARDSTOWN OFFICE**

The office will serve veterans and their dependents in Cass, Schuyler and Brown counties.

Hinckley, Ill., Jan. 20.—(AP)—Craig C. Kennedy, 89, a retired pharmacist, died today. He was one of the oldest registered pharmacists in Illinois. He is survived by a son, Col. Frank M. Kennedy, of Aurora, and a daughter, Mrs. Olive Mann, of Hinckley.

**French Police Arrest Five Who Stole Aga Khan's Gems**

Paris, Jan. 20.—(AP)—Five gangsters and other jewels taken at the seizure up to \$800,000 in gems from the Aga Khan and his wife in a roadside holdup on the Riviera last August have been arrested, French police said today.

Held also is an Englishman book-spraying Mediterranean port city at Strasbourg as Watson Lindsay, former Foreign Legionnaire, Police said they were investigating a possibility he instigated the robbery.

But the glittering loot was still missing.

One member of the gang, an ex-convict sometimes identified as the leader, and his friend were reported dead. Police said they were taken for a ride by the others, who feared the two were too talkative, and would give away the rest of the loot.

This assessment was based upon statements of members of the gang, actually are.

The jewels were reported to have been buried for days in the garden of the Le Cannet villa adjoining the Aga Khan's, almost within a stone's throw of the site of the holdup. At that time the police were frantically combing the whole coast of southern France from the Italian frontier to

Marcelle for a trace of the men.

## YEAR OF 124 "WEEKS"

Although there are only 365 days in the year, 124 special "weeks" already have been listed for 1950. Everything from pickles to peanuts is to be emphasized, according to plans which have been drawn.

Some of the previous observances, such as fire prevention week sponsored by insurance companies, will be continued, but many new "weeks" have been added. Expectant fathers are to be honored, and there will be a special seven days for fishermen. There will be a national dog week, laundry week, and starting on September 11 there will be "lessons-in-truth" week.

In addition, there will be many special days, one each for mother, for father and for the children. The family cat gets a whole week starting November 7, while dogs will be nationally recognized the last week in September. Even grandmother has not been forgotten, and she is to be specially honored on October 8.

So far no tax-reduction week has been announced, and it is presumed the taxpayer will be given special attention during all of the 52 weeks.

These special days and weeks have been listed by the Department of Commerce as a service to business, which may want to capitalize on the events. Practically all are commercial in character and typical of the national trend in which no opportunity to organize a "movement" is overlooked.

## Cooking School Morsels

Shortly after the final session of the Journal Courier Food Pageant, Cooking School was over, the instructors, Miss Dorothy Holland and Miss Nancy Carter, left for their respective destinations to carry on their work for their National Live Stock and Meat Board. Miss Holland will go to Coffeyville, Kans., while Miss Carter goes to Green Bay, Wis.

The two home economists were very well received by the Jacksonville audience, which found them charming and capable.

Under their direction, each session of the four-day culinary event moved along with a smoothness bordering on perfection.

The simplicity of the explanations given made the school a blessing for new homemakers, and yet were interesting enough to keep those more experienced coming back to each session.

The crowds this year surpassed those of any previous year. The lines began forming outside the theatre more than an hour before the doors were opened. It took only a few minutes each day to fill the theatre.

The Jacksonville Police Department has been on hand each day to keep order. Patrolmen present Friday were Harold Campbell, Arthur Lee Woods and Cloyd Wilson.

The local fire department has also been of assistance this year. Harold Westrope represented the department at Friday's session.

Each day, a class of home ec girls has attended the school. Chapin has had a group present every day. Friday's group included Melba McKim, Judy Hinds, Jean Crews, Pauline Sanderson, Eunice Surratt and Virginia Parks.

The handy little recipe booklets, which were delayed in arriving, got here Friday. More than 1,000 were given out after the school.

During the four-day period, approximately 4,000 recipe books were distributed.

## THE DOCTOR SAYS:

## Doctor's Advice Necessary In All Severe Burns

By Edwin P. Jordan, M. D.

Written for NEA Service

The best treatment for burns, of course, is to prevent them. A burn is merely an injury to the surface of the skin or the tissues just below the skin caused by contact with heat. If the heat is moist, rather than dry, it is called a scald.

Burns are usually classified into three varieties, depending on the depth of the burn. In first-degree burns there is reddening of the skin only, such as is seen in mild sunburn. In second-degree burns, besides reddening, there is actual blistering of the skin. Finally, in third-degree burns, not only the skin itself but the tissues lying beneath it are burned and charred.

For minor burns there are several excellent ointments, some of them containing substances which reduce the pain. These, however, should not be used frequently or on large surfaces, as they may produce undesirable effects.

In severe burns, which include second-degree burns covering considerable skin area, and all third-degree burns, the advice of a physician is always needed.

Until the physician comes, certain things should be done if the burn is to have proper treatment. Clothing should be removed by cutting away. If it sticks to the burned flesh it should be cut around and the pieces which are stuck should be left as they are. A warm compress, using clean cloths soaked in tannic acid solution or strong tea, can be applied to the burned area.

Greases, oils or ointments should never be placed on large burned surfaces. They are difficult to remove, may cause pain, and may make it impossible for the physician to do what is most desirable. Iodine should never be applied to a burn.

Note: Dr. Jordan is unable to answer individual questions from readers. However, each day he will answer one of the most frequently asked questions in his column.

## THE DOCTOR ANSWERS

By Edwin P. Jordan, M. D.

QUESTION: I have had a terrible scalp condition on my scalp, then it seemed to turn to sores. I took olive oil and rubbed it into my scalp and left it on all night. The next day I used a fine comb and removed these scales, but under them my head was raw and very red and sore—M.C.

ANSWER: Evidently some serious condition of the scalp is present, but it may be necessary to take scrapings and examine them under the microscope, and perhaps do other tests before a diagnosis can be made.

"Safety On The Road" was the subject of Tim Fennessey, instructor of drivers' training at Jacksonville High school, when he addressed the Business and Professional club Thursday evening. He explained his work with the high school teenagers, showing his methods in teaching them to drive safely.

Mr. Fennessey said statistics show that teen age group, defined as persons between 15 and 25 years old, is the most dangerous group on the road. In New York state, excluding New York City, 14.4 per cent of all licensed drivers are in the teen age group, while 28.3 per cent of fatal accidents are caused by the group.

A student taking the course must be 15 in order to obtain an instruction permit that he may drive with a licensed driver beside him. He must also have parent's permission.

**Vision Tests Given**

In addition to the regular eye test given by the school nurse the student is given the tunnel vision test. Physical defects do not bar one from driving if he can pass the driver's test.

The high school course has two phases, behind the wheel practice and classroom discussions. Great stress is put on sportsman-like driving. Running of stop signs, sounding of the horn, and parking discourtesies are discouraged.

Reaction time for stopping the car is measured by a mechanical device that prospective drivers may check his timing with the average. He develops respect for the driver who drives at a speed consistent with safety.

"Students are eager to learn correct driving and are working hard to be ready to take state exams on January 27," said Mr. Fennessey.

Out of 28,000 high schools in the United States, 4,600 have driver's training courses.

**Fatalities Have Dropped**

Mr. Fennessey quoted a state police sergeant as having stated recently that in 1941 there were 33,000 fatal accidents on the roads of the United States; in 1948, 32,000, showing a decrease of 1,000 in spite of the great increase in the number of cars driven. The sergeant attributed this decrease to engineers, better roads, enforcement, better police, education, driver's training, safety slogans, safety campaigns, and all other educational efforts. To educate he attributed 80 per cent of the improvement.

Charlotte Hull, chairman of the Health and Safety committee presented the speaker. Other members of her committee were Helen Ransdell, co-chairman, Effie Baxter, Margaret Brown, Pauline Kennedy, Bea Loomis, Bernice Nelson, and Adeline Mlekush.

Ruth Prichard was introduced as a new member by the president, Dr. Mary Louise Newman.

The next meeting which will be in charge of the news service committee will bring V. Y. Dallman of Springfield as their speaker. Richard H. Mills, who will be accompanied by Mrs. G. O. Webster, will sing. Minnie Pires and Dorothy Crouch will serve as supper committee with Dorothy Rinne as cashier.

Charles W. Watson, 71, a well known farmer residing on Jacksonville rural route 5, and Mrs. Watson were injured at 10:30 o'clock Friday morning in an automobile and truck collision south of the city on U. S. Highway 67. Both were taken to Our Saviour's hospital.

The 1936 Dodge sedan in which Mr. and Mrs. Watson were traveling north, and a pickup truck driven by C. E. Pires, collided in front of the Alps tavern. Pires was reported to be pulling out of the driveway at the tavern, and turning south, at the time of the accident.

Watson's car overturned on the pavement. It was turned back on its wheels by several of the first arrivals at the scene.

## Supreme Court Rules In Favor Of Owen Gaffney

The Illinois supreme court this week handed down a decision in the suit of Owen Gaffney against Robert E. Harmon, affirming the decision of the Morgan county circuit court.

The local court held, and was sustained by the higher court, that there should be a reconveyance of certain lands from Harmon to Gaffney, and that the defendant should make an accounting of profits from certain lands since 1937.

Mr. Harmon, who was represented in the suit by Attorney Hugh Green, said he will file immediately a petition for a rehearing to bring the case before the entire court.

Mr. Gaffney's attorneys in the suit are Edward J. Flynn and Harry G. Story.

The higher court held that Harmon was a constructive trustee for Gaffney, due to a fiduciary relationship between Harmon as attorney and Gaffney as client. The lands involved in the suit consist of an 80 acre tract south of Alexander.

## Duroc Swine Sale At Potter Farms Saturday, Jan. 28

H. Y. Potter & Son, nationally known Duroc breeders of Jacksonville, will hold a public auction of purebred Duroc bred gilts Saturday, Jan. 28, at the Potter Farms, two miles west of Jacksonville on U. S. 36. This will be one of 140 Duroc bred gilt sales scheduled for the next two months by Duroc breeders in practically every section of the country, according to word received from B. R. Evans, executive secretary of the United Duroc Record Association, Peoria.

The auction will feature the services of Star Blend, 1947 Indiana grand champion, and Bright Knight, one of the top selling boars of the breed in 1949.

"The many splendid gilts to be sold in this sale should increase the popularity of the Duroc breed that has led all other breeds in number of animals recorded during the past five years by two to one," Mr. Evans added.

**CHICAGO GRAINS MOVE UP, DOWN**  
Chicago, Jan. 20—(AP)—Grains moved nervously up and down without getting set on a straight course today. Trading slackened from the fast pace of the last two sessions. With volume lower, a small number of either buy or sell orders were able to cause fairly wide price swings.

Feed grains came to the fore toward the close, advancing above the previous close. Wheat tended to lag. The feed grains were not as strong as wheat in yesterday's market, and today appeared to be making up some of the ground lost in relation to the bread cereal.

Receipts were: Wheat 4 cars, corn 91, oats 36, rye none, barley 10, soybeans 3. Wheat closed 1/2 lower to 1 higher. March \$2.15 1/2, corn was 1/2 lower to 1 higher, May 67 1/2, rye was 1/2 to 2 cents lower, May \$1.37 1/2, 3, 4, 122-26 1/2, 132; No. 3, 128-32; No. 2, 125-30; No. 1 heavy mixed sorghams were 1-3/4 lower, March \$2.30 1/2, and lard was unchanged to 10 cents a hundred pounds higher, January \$10.65.

## WARREN WRIGHT ANNOUNCES CANDIDACY FOR STATE TREASURER

Warren E. Wright

Springfield, Ill., Jan. 20—Warren E. Wright of Park Ridge (Cook county), businessman, banker and veterans' leader, who served as state treasurer from 1941 to 1943 and established an investment policy which built up a \$150,000,000 state treasury reserve fund in six years, today filed with the secretary of state his petitions of candidacy for the Republican nomination for state treasurer.

Wright, 1940 winner of the Republican nomination by 100,000 votes, over four other primary candidates, in filing his petitions today, said: "In becoming a candidate for state treasurer in 1950, I believe that I can better avail myself of the privilege of every citizen to place before the people of Illinois my views concerning the dangers threatening the well-being of our country, and my recommendations for resisting and overcoming these dangers."

"As a life-long Republican, and as one whom the people of this state have already honored by placing in a position of trust, I feel that the Republican party must take a united stand now in order to put an end to the rapidly accelerating trend on the part of big government to do everything for everybody at the taxpayers' expense."

Wright, said he would stand before the voters, with detailed record, on a six-point achievement record of his former term in seeking the nomination this year: (1) Recommended to the general assembly in 1943 the creation of a major reserve fund from surplus in state treasury. "And before my term ended I had purchased for the people, as state treasurer, \$65,200,000 worth of government securities. Other Republican treasurers who succeeded me continued those purchases until the reserve fund reached approximately 150 million dollars. Now, in less than a year, all of it has been budgeted for spending before July 1, 1951 by the present Democratic administration, which is also talking daily for tax increases." (2) Inaugurated in 1941 a state-wide plan to rehabilitate and relieve emergency unemployment relief clients in gainful, permanent, private jobs, which resulted in thousands being taken off the relief rolls and the savings of millions of dollars of the taxpayers money. "Now it is going right back where it was, and if you doubt that just look into the relief offices and see the crowds." (3) Made available, for the first time, monthly printed reports on the state's finances which went to every bank, public official and thousands of citizens. "And that report plan has since been followed by every succeeding treasurer." (4) In 1941, inaugurated monthly fiscal reports on the condition of the state treasury by radio broadcasts to the people. "And that report was made every month during my two-year term." (5) Made a nation-wide search for Illinois World War I veterans whose bonus checks had been returned because of faulty address. "These checks had been disregarded in the state treasury for almost twenty years but we managed to find more than 100 veterans in two years and gave them their just compensation." (6) Originated the state employees defense bond club at the outset of World War II, which enabled state employees to save thousands of dollars through time-plan bond purchases and at the same time contribute to the war effort.

A native of Morgan county, where he was in business at Murrayville and Jacksonville before serving as state treasurer, Wright, since the war, has lived in Cook county. A private overseas in World War I, and a major overseas with the American Military government service in World War II, he is widely known in veterans circles. Active in the American Legion and Veterans of World War II organizations. He is also prominently identified with the Amvets and past state commander of the Disabled American Veterans. At present he is chairman of the DAV national finance committee and a member of its service foundation.

Wright was a principal organizer of the Michigan Avenue National Bank of Chicago. (Pol. Adv.)

## Mt. Sterling, Hosts Move To Finals Of Winchester Tourney

**Finals Saturday**  
Waverly vs. Carrollton (4 p.m.)  
Winchester vs. Mt. Sterling (7:30 p.m.)

Winchester—Mt. Sterling and the host club moved to the finals of the Winchester invitational tournament here last night, knocking a pair of dark horses into the consolation bracket.

Mt. Sterling's second-rated Green Hornets came from behind in the second quarter to edge Carrollton 42-37 in the opening semi-final session.

**Play Before Large Crowds**  
Both games were played before capacity crowds but the second session could be termed "packed" as Winchester residents turned out in force to see their Scott county Wildcats move with ease into the championship tussle which will be played tonight.

Consolation and championship sessions will be split today to handle the double crowd. The first game will be played at 4 o'clock this afternoon and the championship tangle is set for 7:30 in the evening.

Mt. Sterling, slowed in their fast break by the sterling defensive rebounding of laaky Carrollton center Logan, couldn't get going last night and trailed the Hawks 11-5 at the end of the first quarter. The Green Hornets rallied to lead 19-15 at halftime and maintained a narrow edge over the fighting Greene county lads the rest of the route.

"Pickles" Mitchell was bottled by some great defensive work on the part of Winchester guard Harry Northrup and as he goes, so go the Waverly Scotties. As a result Carroll Lowe's Morgan county crew must be content to play for third place while the hosts will thrill the

## Blueboys Lose To Concordia 50-48; Play Here Tonight

St. Louis — The Illinois college Blueboys were colder than all outside last night and consequently dropped a 50-48 non-conference decision to an inspired Concordia Preacher gang on the St. Louis boards.

The loss, besides moving the Hill-toppers back a notch and checking their year's record at 9-4, was sweet revenge to the Concordia gang that lost to the Blueboys in Jacksonville earlier in the season.

Bob Murrin, Blueboy center, is back in uniform after being ineligible for two games.

Concordia led 28-21 at the intermission.

Don Longer and Bill Gross scored ten points each for the Jacksonville collegians while Bill Shouse was high with 12. Abram was best Preacher scorer with 14 tallies.

The Millermen play host to Illinois Wesleyan in a much talked about CCI conference tussle on the ISD boards this evening. Preliminary game time is scheduled for 6:30 p.m. with the main go following immediately.

## WESLEYAN'S TWIN PUNCH

Gerald (left) and Harold Anderson, twin 5-8 guards, will be setting up plays for the Illinois Wesleyan Titans when the Wesleyanites launch their bid for a Little Nine victory from the Blueboys at I.S.D. gym Saturday night. The blond twins from Arthur, Ill., are seniors in their third year of varsity competition with the Titans. They are excellent ball handlers, extremely fast, and deadly on set shots. Harold is leading the Wesleyan club in scoring and Gerald is third high point maker on the team. Both were chosen to the all-conference second team last year.

## Edge Out Tovey 22-21 In Championship Bout; Hosts Take Consolation

Our Saviour's, a dark horse that came through, captured the championship of the David Prince grade school invitational basketball tournament by clipping Tovey 22-21 in the grand finale last night.

The host David Prince quintet with Scott pouring in 19 points, bumped I.S.D. pre-tourney favorites, 36-30 to take consolation prize in the eight-team meet.

Our Saviour's was not even rated to place in the tourney.

Trophies, provided by the Jacksonville Journal-Courier newspapers, were awarded the first three place teams.

Jimmy Costello, who grabbed the spotlight in the semi-finals by scoring a game-winning basket against David Prince, provided the scoring punch for Our Saviour's. The little curly-haired artist pumped in 11 points, exactly half of his team's total.

Tovey, who replaced last year's championship Taylorville outfit, had two high scorers. Fassero and Wise registered six points apiece.

Father Morris' youngsters were outscored 10-9 from the field but managed to sink four free shots to provide the one-point margin for victory.

Besides Scott David Prince had another high gunner. Ezard, DP center, dumped in 12 points for the third place winners. Kumer scored 10 and Rampley nine for I.S.D.

## ISD Advances Record To 11-1, Wins 47-37

Tallula — Spike Wilson's I.S.D. Tiger quintet, winningest basketball team in Jacksonville, advanced its record to 11-1 for the season by grabbing a 47-37 victory from Tallula here last night.

The Jacksonville westenders trailed the host five 7-6 at the end of the first period and 19-18 at halftime. Leo Cecil started hitting from the field early in the third quarter and the Tigers moved out front 33-27. They poured it on the tiring Tallula five in the late minutes and brought home a 10 point victory.

Cecil headed seven I.S.D. gunners with 19 points. Sreclair, Tallula center, racked up 17 for the losers.

## Leon Hart Awarded To Detroit Lions By Pro Footballers

Philadelphia, Jan. 20 — (P)—Leon Hart, Notre Dame's All-American end, was awarded to the Detroit Lions tonight by the National American football league. The vote was unanimous.

The Lions immediately announced the huge lineman had agreed to tentative undisclosed terms.

Nick Kerbaw, Lions' publicity director, said: "We have been in touch with Hart at South Bend, Ind., in the last 72 hours. He has agreed to play with the Lions next fall."

Kerbaw refused to disclose salary terms.

The surprising decision in the Hart case came late in a day in which the NFL voted against expanding to 14 teams, turning down franchise bids from Buffalo, N. Y., Houston, Texas, and Oakland, Calif.

Hart was the bonus choice of the Lions at last year's secret draft session of the defunct National football league. The Irish ace also was selected as No. 1 choice by the Baltimore Colts at a draft meeting of the former All American conference.

This position of the 21-year-old Notre Dame senior from Turtle Creek, Pa., had been considered one of the major problems of the NFL's founding meeting.

Commissioner Bert Bell, in announcing the award of Hart to the Lions, said, "The transaction was made on a motion by George Marshall, owner of the Washington Redskins. It was seconded by Abraham Watner, president of the Colts."

## TALLEST TITAN

Big John Lane, 6-8 Wesleyan center, will be the tallest man on the floor when the Titans invade Jacksonville Saturday night. The rangy center, a junior from Skokie, Ill., led the Wesleyan five to a 71-57 conquest of Millikin a week ago. He teams up with veteran forwards, Fran Somers and Bob Hildabrand to make up the Titans' rebounding strength.

## Paul Stroud's Routt Rockets moved back onto the victory trail here last night by tipping a big Arenzville basketball club 34-32 on the Our Saviour's floor.

The Rockets, who had lost their last two games, led the Cass county invaders at every stage of the tussle. A sudden burst by Arenzville in the last quarter almost brought them up with the Jacksonville club, but they staved off the rush still holding a two-point margin.

Biggest factor in the Routt win, said Coach Stroud, was the great defensive play of Paul Sauer, Rocket center who held Don Wessler, Arenzville pivot man of note, to a minimum of points while collecting nine himself. Sauer has been sick for the past two days and played but three quarters last night.

Dick Casler, also, did some neat floor work though his point-getting was sparse. A. J. Spreen was moved to forward to make room for Jimmy Sellers at a guard post. Sellers has been coming along fast all season and has finally established his right as a regular.

Routt led 9-5 at the end of the first quarter and held a 21-15 advantage at halftime. The locals pulled out front 29-22 in the third period and were outscored in the fourth 13-5.

After grabbing a 13-5 lead in the first quarter, Dick Johnson's Routt second team hit a slump and dropped to a 26-25 preliminary thriller to the Arenzville reserves.

## Charles Invites Louis To Come Out And Fight

New York, Jan. 20 — (P)— NBA heavyweight Champion Ezzard Charles tonight challenged Joe Louis to a title fight.

Speakers on a national radio program (We The People—NBC) Charles in the course of an interview with master of ceremonies Dan Seymour said:

"I'm challenging Louis to fight me for the title. I've had 71 fights and I've won 67. I've licked Gus Lesnevich, Joe Maxim, and Joe Baksi."

"All the big ones except Louis," said Seymour.

"Yeah, Joe still packs a terrific wallop. But I'm sure I can give him a fight. There's no such thing as friendship in the ring, so if my old pal Louis is listening in tonight I just want to tell him this: Joe, come on out and fight."

"WILD WEST SHOW" was a phrase to thrill every youngster of the early 1900's. Their hero was the old Indian fighter, Buffalo Bill, originator of the Wild West show. By the turn of the century, his once-little group of cowboys and Indians had grown into a tremendous spectacle called "Buffalo Bill's Wild West Show and International Congress of Rough Riders." The "Rough Riders" were some of Teddy Roosevelt's veterans and daredevil horsemen imported from abroad. The show toured Europe, playing many command performances before royalty. Buffalo Bill is shown here with one of his early star attractions, Sitting Bull, famous Indian chief. Despite his great successes, Buffalo Bill was improvident and died in poverty in 1917.

THEN I prepared the case itself as if I had been retained to defend her in an ax murder. I wrote out all my points, listed the pros and cons, went over all my evidence (a sister who had heard the original threat, a son-in-law who had witnessed the stolen items in the accuser's trunk after the date of the supposed theft, and three co-operative neighbors who were ready to swear to Mrs. Slater's husband's usual cruelty and eccentricity), and last, I recited my entire case from beginning to end for John, who was supposed to interupt like a doubtful judge, and cross-examine like a hungry district attorney.

The night before the trial I scarcely slept and kept poor John awake imaging the worst. I showed up in court the next morning in my most imposing clothes (on which the skirt zipper under the jacket no longer closed). Fortunately, for all of us, with the witnesses I had, Mrs. Slater stood as much chance of being convicted as a Perry Mason protege, and everything ended happily.

"But never again!" I swore to John in the two days I took to recuperate. "Criminal law is too upsetting for me. In any other kind of case, the worst that happens is that your client loses money. In this work, somebody may actually go to jail. That's terrible."

As time gradually passed, however, I found that I had acquired a middle-sized group of faithful clients, and I spent many pleasant afternoons drawing up wills and contracts, starting one divorce case, one separation case, and suing four insurance companies in accident cases. I even began methodically to send letters on my majestic legal stationery to some of John's delinquent debtors.

"It's no use," John said, when I began this. "You know what

it's like getting patients to pay." I knew. The reluctance to part with any amount of money at all for medical services was as deeply ingrained as the instinct to evade income tax. It was John's contention that no grocer would ever design to tolerate the dead bills that any doctor habitually carries, and he ventured to wonder if a free loaf of bread or a can of tomato juice with each visit, might not produce better financial results.

NEVERTHELESS, I wrote my letters, and we were both astounded to discover in many pleasing instances, that the threat of the mighty hands of the law, in the form of the bold Counselor-at-Law on my stationery, was as effective in producing results as a storm trooper's former triumphant missions.

Eventually, as my size continued to increase, my legal activities became necessarily curtailed.

"Look how big I'm getting," I told John one night as we prepared for bed.

"Perfectly natural," was the disinterested reply, which made me feel as important as a fifth leg on a chair.

"Say, look here," I said, with mounting annoyance, "you're supposed to be looking after me, and you never do."

John slowly removed another shoe before replying. "When did I take your blood pressure last?" he asked, wriggling his toes.

"Six weeks ago," I said.

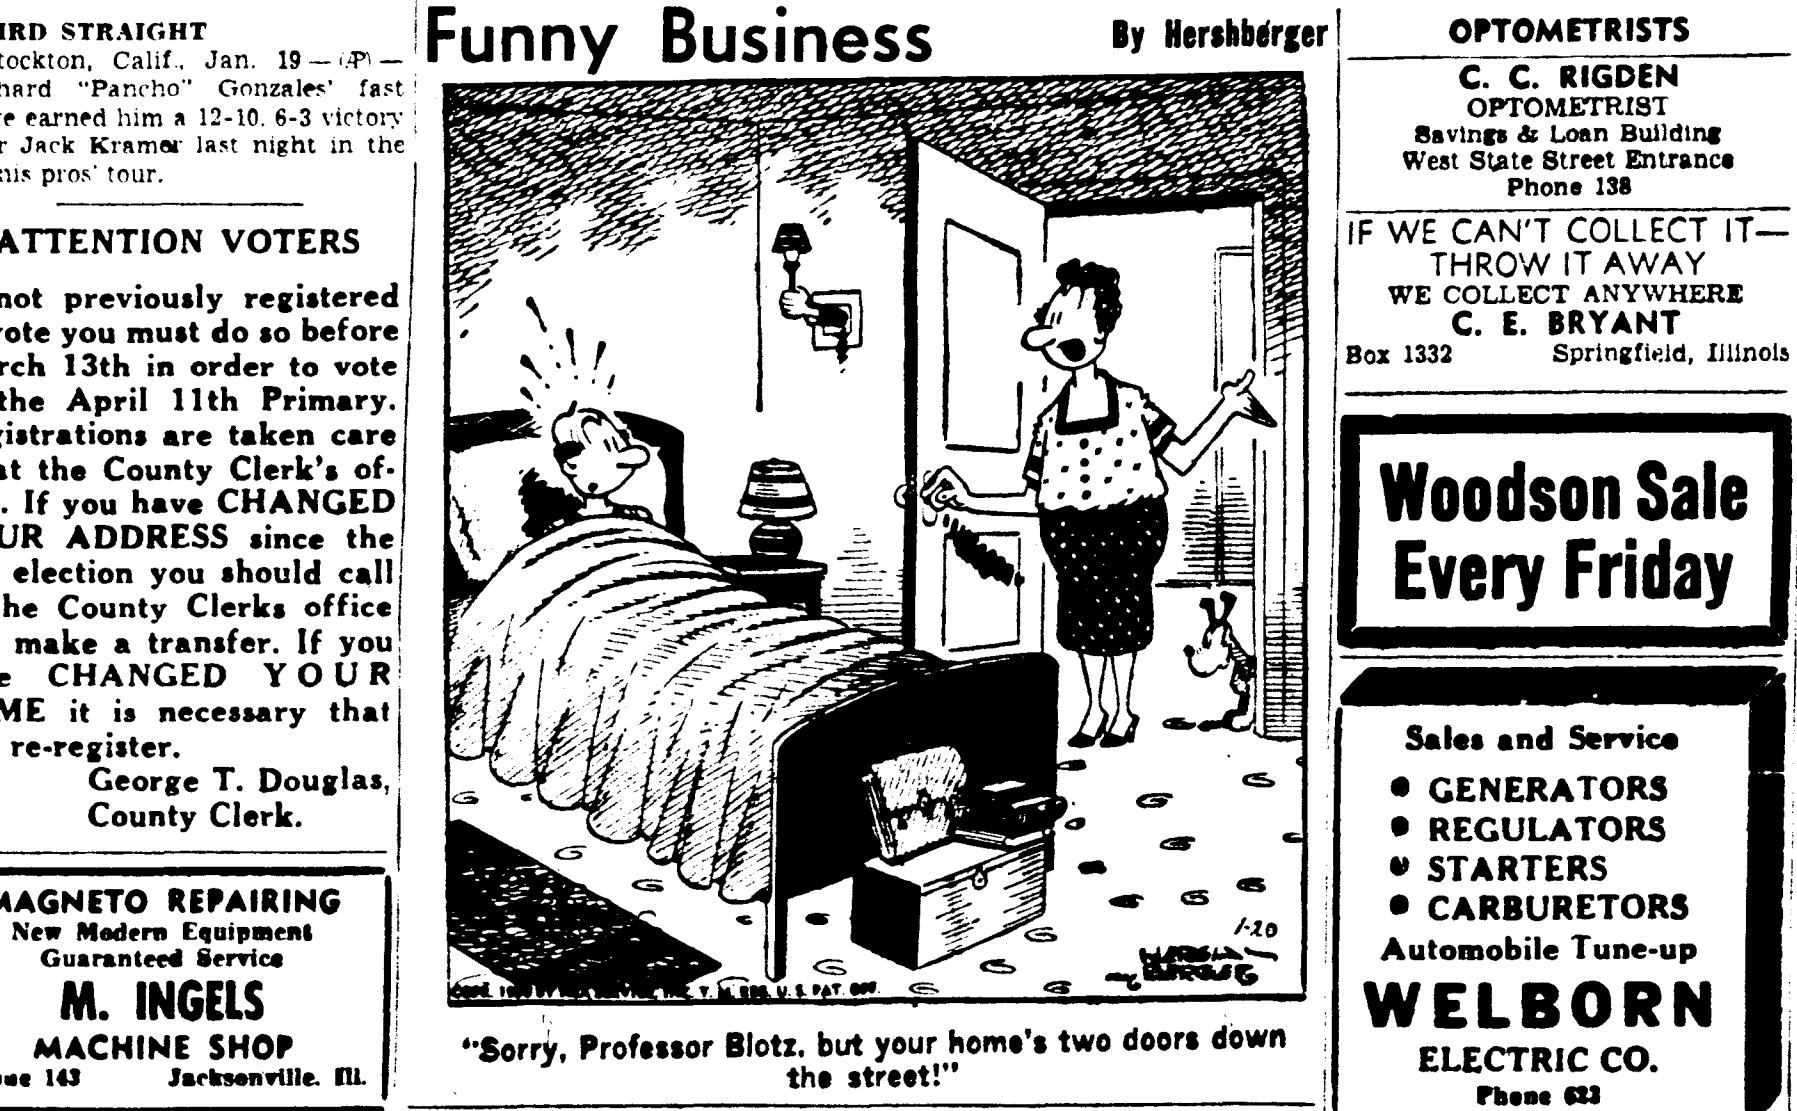

"All right," he said. "Just a minute."

He went into the office, and came back and took my blood pressure, as I sat in bed.

"Is that all?" I asked.

"Sure," he said. "You're feeling well, aren't you? You take your own weight from time to time, and know enough to keep it down. So that's all."

"But I don't understand," I protested. "In practice, the women

## Numerous Awards Presented At Final Food School Session

The Journal Courier Food Pageant Cooking School came to a close Friday morning with the fourth and final session.

The highlight of the day was the awarding of the many major gifts. The \$300 General Electric push button Speedster range was awarded to Mrs. Nadine Wilcox, 2221 1/2 North Mauvaisterre street. A listing of other winners appears elsewhere in this edition.

The Fox-Ilinois theatre, where the sessions have been held, was filled to capacity Friday, as it has been during the three preceding days. Within 12 minutes after the doors were opened at 8 a. m., most of the available seating space was taken.

Miss Dorothy Holland, the instructor of the school, started Friday's session with a review of material covered in the previous sessions, emphasizing the proper methods of meat cooking.

## Life Photographic Display To Open At MacMurray

"The Age of Enlightenment," a photographic exhibition prepared by the editors of Life magazine, will be shown at MacMurray College's Social Science Center on the ground floor of Main Hall, beginning Jan. 24 and continuing through Feb. 10. The exhibition is based on the article which appeared in a series of essays on the development of Western Culture.

Many of the ideas and institutions in which the 20th Century man is so confident were not always taken for granted. He can claim them today because of a small group of scholars, artists and scientists living in France during the 18th Century. Their brilliant speculations so advanced man's knowledge of himself, and spread such an intellectual glow upon their age that the German philosopher Immanuel Kant called it the Aufklarungszeit—the Age of Enlightenment.

It is this intellectual and social ferment of 18th century France that is revealed in the exhibition Age of Enlightenment. Historically important changes are changes in the way men's minds work. To describe such changes by means of pictorial material is a difficult but exciting task and the exhibit suggests something of this excitement.

Organized under three main sections, Versailles, Paris, and age of Crisis, the exhibition presents a pictorial analysis of a great epoch. The public is invited to view the exhibit.

## Morgan Club Hears Paper, Names Heads

A paper on "Portuguese Progress," this community. The directors named Dr. C. P. McClelland as president, Ernest of history at Illinois College, was Hoagland as vice president, Miss read by Dr. Wright at the dinner. Margaret K. Moore as treasurer, Margaret K. Moore as secretary and Margaret K. Moore as secretary. A meeting of the directors followed at which officers were elected.

After setting forth briefly the colony's history before its arrival in Jacksonville, the theme of the paper unfolded: the people's process of breaking away from the customs of Madeira and becoming more and more like their American neighbors. In the early years intermarriage within the colony was the rule, but forty years later most marriages were with those outside the group. In recent years the union of Portuguese names is rare.

The economic and social progress of the Portuguese was traced and high tribute was paid to the record achieved in their century in Jacksonville, was introduced to the group.

## Passavant Board Of Governors Holds Meeting

Thirty-four Protestant churches of Morgan county were represented at the annual meeting of the board of governors of Passavant Memorial hospital association held Thursday night in the hospital chapel.

The governors for the hospital are selected from the Protestant churches of Morgan county.

At the meeting changes were made in the by-laws to include all Protestant churches in the new area hospital in addition to those in Morgan county. The area added by the change includes the churches in southern part of Cass, all of Scott, northern part of Greene and northern part of Macoupin.

The new by-laws also provide for an increase in members of the board of trustees from 16 to 20 to give representation to the Protestant churches of the added area.

The board of trustees was elected by the board of governors. The trustees will hold their annual meeting under the new by-laws at the Masonic Temple on West College avenue in Jacksonville, at which time eight members will be elected to the board of trustees.

Rev. Harris Pankhurst was elected chairman of the governors' meeting and P. A. Robinson served as secretary.

The annual reports were given by the officers, board of trustees and related organizations.

## State Authorities Accused Of Being 'Vengeful' In Suit

Lansing, Jan. 20.—(P)—Illinois authorities today were accused of being "vengeful" in seeking the return of Huber L. Lear, Detroit seed salesman, to face a charge of operating a confidence game.

The charge developed when Lear stopped payment on a \$120 check issued to pay a justice court fine in Vandalia, Ill., last Oct. 28.

At an extradition hearing before Clark L. Adams, legal adviser to Governor Williams, H. H. Warner, one of Lear's attorneys, said it would be "grotesque" to send him to Illinois to face a felony charge.

"Though some things happened," Warner said, "they were not of a character to require this man to face the possibility of one to 10 years in the Illinois penitentiary."

James E. Haggerty, prominent Detroit attorney, who also represented Lear, said an Illinois official was abusive to him. This, he said, proved the animosity in the case.

Michigan Assistant Attorney General Walter H. Taylor, representing Illinois, drew attention to the fact the check was pre-dated a year and therefore was not good. Giving a bogus check, he said, was a violation of the confidence game statute in Illinois.

Joliet, Ill., Jan. 20.—(P)—A Circuit Court jury today acquitted Joseph H. Hartley, Will county clerk, on both counts of an indictment charging him with palpable omission of duty.

He was indicted following the discovery of a \$7241 shortage in the accounts of his office.

A jury of 10 women and two men returned the verdict after deliberating two hours.

Hartley, a Republican, paid the amount of the shortage into the county's account, although he protested his innocence.

He contended during the trial that he delegated certain powers and duties to deputies, and that the shortage could not be blamed on him.

Hartley has filed suit in Circuit Court against Samuel Bailey, a former deputy county clerk, for the \$7241. Hartley paid to the county.

Still pending in the court is a suit filed by Will county State's Attorney John I. Pierce which seeks an accounting of the funds in Hartley's office.

Jerseyville, Ill., Jan. 20.—Clark was killed with his own gun during a fight over a girl the two men had picked up while enroute from Clayton, N. M., to St. Louis. Pettit insisted the girl did not exist and was a product of the defendant's imagination.

Hawkins said the girl fled after the fatal shot was fired. No trace of her was ever found.

Pettit maintained that robbery was the motive for the shooting. The prosecutor said that after the shooting Hawkins fled to Vega, Texas, in Clark's car and registered at a tourist court there as Albert Clark.

He was arrested at Dalhart, Texas, whose home was in Boise City, Okla., on Oct. 17, five days after Clark's to get his money and car. Hawkins body was found on a lonely road near denied this on the stand, claiming here.

## 'Felt At Home In A Hurry,' Says Department Head

"We felt at home in Jacksonville in a hurry," declares George Coldewey, new managing superintendent of the City Water, Light and Power Dept., who came here with his family Sept. 15. "Because it's the same sort of community we just left at Bloomington. An educational center, not heavily industrialized, and located in a rich farming area."

"I had to buy a house to get a place to live," he added. He and his wife, Frances, "Sue" for short, live with their four children in a green shingled house at 847 W. College avenue. The children are George, Jr., 12, John Christopher or "Kit", five, and two little girls with winsome smiles, Susan, six, and Kathleen or "Katie", just four this January. The family attends the Catholic church.

Mr. Coldewey is a member of Rotary and Elks, the Chamber of Commerce and the Illinois Society of Professional Engineers, and vice president for 1950 of the Illinois Public Power association, a division of the Illinois Municipal League. He has a five year contract here and does both managing and operating.

"I try to visit both plants every day," he says, "so if there's something they wanted to ask me but didn't think was important enough to come down here about, they can ask it then."

He plays golf, does some bowling, likes to take his pretty Sue to stage plays, though they don't care much for the movies. Fortunately George, Jr., can usually take over their baby sitting. Two of the children are in school at Our Saviour's, where George is the basketball scorekeeper. Kit is in kindergarten at Mrs. Dobson's on Sandusky street, and Kathleen, the youngest, will be in kindergarten next year. "She's a ripsnorter," he exclaims. "They all are, in fact."

They like school about as well as any children; what they want to be when they grow up "depends on what day of the week you ask them."

They listen to radio programs and play with the neighborhood kids; and they play Roy Rogers records and a bunch of others in their phonograph, which they like more than the radio. But he could talk about them all day, he protests.

Folding his arms, he tells proudly of two articles about our light and power plant which are to appear in early issues of "Diesel Progress" and "Public Power"; they'll give the city national publicity. "I like the job very much, you bet I do," he affirms. "I've had a lot of pleasure here already, and I'm looking forward to having more fun at it all the time."

Seminary Sunday Program Planned

Seminary Sunday will be observed at the State Street church this Sunday at the morning service at 10:45. At this service the two candidates for full-time Christian service, Ronald Allin and Miss Marjorie Murphy, will speak on the general theme, "Here Am I, Send Me."

Mr. Allin is the son of a Presbyterian minister and has been serving the State Street church since 1947 as assistant to the minister and director of the high school youth fellowship. Miss Murphy is a local girl, the daughter of Mr. and Mrs. Harry Murphy, who has been office secretary of the church for three years.

During this time she decided to engage in full-time Christian work and plans on entering McCormick Seminary upon graduation. Here she will work toward the master of arts degree in religious education.

The service will follow its usual schedule and after the brief messages by the young people the minister will speak briefly in keeping with the spirit of the occasion.

"All members and friends of the church are cordially invited and urged to attend this fine service, which highlights the leadership among our own young people," Rev. Raymond said.

Helped Build Plant

Eleven years ago when the municipal light plant was started here, he was testing engineer on the job; he did a lot of the layout work and had the handling of most of the material. So he's really been acquainted with the plant for a long time.

During the war he was transferred to the manufacturing plant at Beloit, Wis., where he was in charge of all spare Diesel parts for the Navy. Afterwards he was moved to Bloomington and travelled for the company. "One reason I was eager to come here was that I was getting tired of travelling and being away from home and family," he explains.

## Methodist Bishop Questions Sending Minister To Pope

Columbus, O., Jan. 20.—(P)—The Methodist bishop of Ohio today questioned the practice of sending a special representative of the United States government to the Vatican.

The questions were raised by Bishop Hazen G. Werner in a letter to President Truman.

Bishop Werner wrote: "The announcement of Mr. Myron Taylor's resignation as your special representative at the Vatican raises again questions which have caused great concern among many Americans since 1939."

"How can we hope to defend and preserve our American tradition and constitutional contention if a special church and state ought to be separate if we continue to assign an 'unofficial ambassador' to the international headquarters of the Roman Catholic church?"

The late President Roosevelt appointed Taylor as special envoy to the Vatican.

President Truman has not indicated he will name a successor.
